Dear Valued Customers,

Welcome to Dianna's Sugar Plum Sundries! It is our desire that you find all of your soap making needs here at the best prices, as well as the best quality. If there is any thing that we can do to better serve your needs, please let us know! Please be aware that the prices –due to US and World economics– will fluctuate, so please verify the prices before you order. We offer a broad range of soap making supplies, as you will see as you peruse this price list. If there is anything that you need and do not see (quantity, type, or style), please let us know, and we will do our best to get it. We also have a soap making kit for those of you who wish to try and see if you will enjoy the art of soap making. (We think you will enjoy it immensely!) And, if you find something that we carry at a cheaper price some where else, let us know, and we will do our best to meet or undercut that price. Be sure to check us out online as well!

Regards,
Dianna Fleming

Kits

1900 Soap Making Kit 45.95

For those of you who have always wanted to try the art of soap making! This kit includes every thing except the pots and the molds. Always a great gift idea! This is not a “Melt & Pour” kit. You will be doing it from scratch! The kit includes 16 fluid oz. of coconut oil, 48 fluid oz. of palm oil, 16 oz. of sodium hydroxide, a stirring spatula, 1 pair of goggles, 2 thermometers, 1/2 oz. of essential oil (your choice of Lavender, Peppermint, and Lemon), instructions for making your first batch of soap, and a basic recipe that makes approximately 24-26 ounces of finished soap per pound of oil.

1901 Lip Balm Kit 19.99

Making your own lip balm is fun and easy with this kit. Again, this is a great gift idea! This kit includes 18 lip balm tubes, 7 tubs, 8 oz of pre-blended lip balm base, and 2 drams of essential oils (your choice of peppermint, rosemary, sweet orange, or lemon–lime), and instructions for your first batch of lip balm. All of this is packed in a colorful vinyl drawstring bag.

Soap Making Supplies

Lyes

We carry two types, and several sizes, of lyes. Remember to use caution when handling these caustic materials. When used correctly, they are invaluable, but when used inappropriately they can be dangerous. Always be sure and use eye protection as well as gloves when dealing with lye. Due to Federal Regulations at this time, the only way that we can ship lye, is Surface Priority/Parcel Post through the U.S. Postal Service, and UPS Ground.

***Our lyes are not designed to be used for any other use other than soap making. DSPS is not responsible for any consequences resulting from misuse of Sodium Hydroxide or Potassium Hydroxide.**

Molds and Cutters

6003T 4 lb DSPS Mold 75.88

We are very excited to offer you these new, handcrafted, wood molds! It is both a slab *and* a dual log mold all in one! All hardware is solid brass to resist rust. Coupled with our innovative reusable liners we think that you will never want to go back to any other mold. The slab mold will produce around nine 4.2 ounce bars. Using the log option, you will get a minimum nine bars of soap that are 1 1/2" x 2" x 3 1/3" per log. The snugly fitted wood cover will give you consistently gelled soaps every time that you use it. Light weight, easy to use, and cleanable, this mold will have you looking forward to the molding and unmolding steps of soapmaking! This mold is designed by a soapmaker, for soapmakers, with lots of little details that we all wish for and dream about, but have never gotten! Such as the rubber feet on the bottom of the mold to keep it from sliding on slick surfaces as you pour your soap into it. Includes one set of liners for each log and slab, wood mold, cover, and care/use instructions.

6003L DSPS Refill Liners 8.10

These bright reusable liners are a dream come true for soapmakers! Simple, easy to clean, and bright, you will wonder how you ever got along without them! We have been very impressed with their durability and performance! Only for use in DSPS molds.

6001B DSPS Beveller 10.17

How many times have you had 40 bars of soap to bevel, and only 30 minutes to get it done? Let us present you with our newly designed beveller! Simply hold your soap bar (or deli stick) firmly against the smooth wood back, and slide over the edge. In seconds you will have a perfectly beveled bar of soap! Say goodbye to those headaches, and look forward to saving time for more important things!

6005 DSPS Adjustable Soap Cutter 42.00

Handmade for individual quality, these American made wood soap cutters will make cutting your deli soap sticks much easier and quicker than ever before! It has been innovatively designed so that the width of each soap bar can be individually determined and customized for your needs. Made of durable materials and well suited for years of quality cutting.

6005C DSPS Soap Cutter 3.00

Do you need to replace your soap cutter? Buy it right here! This commercial grade stainless steel blade will slice through your soap as you apply moderate pressure to the smooth wood handle. Simply rinse with water and let air dry to clean. Measures 5 7/8" long x 4 1/2" wide.

6000-T5B DSPS Super Savings Package 118.56

DSPS is combining our Soap Beveller, our Wood Soap Mold, AND our Adjustable Soap Cutter into one affordable package for the soapers who understand how important it is to have dependable tools to use. And who wouldn't like to save a few dollars by purchasing them all together?

6001C Large Beveller \$22.50

Our woodworker has done it again! You now have another option for bevelling your soap. This handmade wood beveller will withstand years of use while providing quality bevels for your soap and ease of use for you! Built for right-handed or the left-handed operation.

Special Products

Our USP grade Activated Charcoal Powder is made from wood carbon and does not contain any carcinogenic properties. It has been used as a remedy for many different health issues as well as spider and snake bites through history. In soap, it can be used as a colorant and to help to cleanse the skin of many more permanent substances and toxins (recommended usage is 1 tsp per pound of oils). You can also put one half cup activated charcoal in a fine muslin bag and add it to the bath water before you get in for a relaxing and cleansing soak. It can be used in salves, ointments, sleep pillows, fish aquariums, poultices, and as a general detoxifier. We recommend reading Rx Charcoal by Agatha Thrash, M.D. and Calvin Thrash, M.D. as well as Activated Charcoal: Antidote, Remedy, and Health Aid by David Cooney, PhD. for more information and suggested uses.

Ground Pumice

Use at the rate of cornmeal or 3-4 tsp per pound of oil (remember to mix it with olive oil before putting it in so it doesn't clump) in your soap recipe.

Ordering Information

All prices listed in this price list are subject to change without notice.

All prices are listed in U. S. currency.

Because we are human, mistakes can happen. We take precautions to avoid it but just in case...If the contents of any package you receive from us does not appear as you expected or you are unsure of the contents, **CLOSE IT**, and contact us immediately. Do not use any materials you are not positive on how to use. If you are unsure and still proceed to use, test, or experiment with the contents of any container, Dianna's Sugar Plum Sundries accepts no responsibility for injury.

Ordering Orders may be placed via fax, postal service, or email. Please be sure to have all necessary information ready when ordering: item numbers, item description, your address, phone number, and payment information such as MasterCard, Visa, Discover, and American Express. Credit card information can be used for orders placed over the phone, fax, or online via our secure payment system.

Please call us for order and shipping totals when paying with check, cash, or money order.

Shipping Most orders are shipped FOB Dunlap, via U.S.P.S. or UPS, unless otherwise specified. Please list a delivery address on all orders. UPS cannot deliver to P.O. Boxes. All shipping charges are calculated at the time of shipping and are dependent upon weight and distance. Remember to call for all shipping costs.

Please allow 2-4 weeks for shipping. While we make every attempt to ship as quickly as possible, we occasionally deplete our supplies and must wait for a shipment from our suppliers.

Damaged shipments Please check all your shipments as soon as they arrive. Report any damage to both the shipper and Dianna's Sugar Plum Sundries. We will need all documentation, including the notification of the shipper in order to file a claim. We will re-ship any damaged items as soon as possible.

Returns All returns must be authorized. Please let us know the reason you wish to return your order. There is a 20% restocking fee for any items returned, for reasons other than manufacturing problems, or damage in shipment. For reasons of quality control, unless the product was damaged, only soap maybe returned for refund. NO RETURNS of essential oils.

Backorders We do our best to fill orders as quickly as possible. However, on occasion, we are out of an item, or a particular soap must be made. All such items are automatically backordered, unless otherwise indicated. The missing items will be shipped as soon as possible.

Shipping Charges

Shipping and Handling (S/H) charges are nonrefundable.

We do not guide ourselves by a shipping chart; each order is treated individually based on the weight and packing materials used. If you will be prepaying an order, you must contact us to obtain correct shipping and handling charges to avoid delays in processing your order. Email us at info@diannassundries.com, or call 423/902-0496.

All lyes (Sodium and Potassium Hydroxides) MUST be shipped either through USPS Surface Priority/Parcel Post, or UPS ground. Federal Regulations are very strict regarding packaging and shipping. Lye is a hazardous material, and must be shipped only by the approved methods. Please be sure to call and see what the shipping charges are for all of your lye materials.
